LEERA Greetings to EERA

- Being a part of the EERA community is a great privilege. Yet, I believe privilege always encompasses a responsibility. Education is power, which can be equally used for good and for evil, as we have seen multiple times throughout history and even now. Associations, communities go through the same development stages as any other entity which is subject to time. The expansion of EERA in this past period is evident in the number of people, presentations, networks, articles, and books. I wish and hope that EERA will consolidate and grow into a power which can defend against the many global attacks against science, democracy, and human rights as it is our aspirations to uphold these values, much more than circumstance or geography, that bind us into a community!

LERA Greetings to EERA

- Since my first ECER conference, I have been amazed by the wide horizons of European educational research, the huge number of participants, and the networking opportunities!
- I hope that EERA will always be the main arena of educational research in Europe and beyond. Happy birthday, EERA!
- Your dedication to advancing research and fostering collaboration within the educational community is truly inspiring!
- Many happy returns on this beautiful occasion!
- Good luck!

LERA Greetings to EERA

- Congratulations on your 30th anniversary! New experiences and discoveries! Let's continue to engage in interdisciplinary activities, share, and open science to educators from various countries and to the whole society!
- Meaningful cooperation and impact for the wellbeing of future generations!
- Further strengthen the community of educators!
- I wish EERA meaningful research leading to a change in practice!
- “If you can dream it, you can do it”./ W. Disney /. Big dreams, EERA!

LERA Greetings to EERA

- I congratulate EERA on its anniversary activities. I wish the EERA network to gather educational researchers, disseminate scientific data, and promote innovation!
- Good luck with your meaningful work!
- More focus on the practical learning process!
- I wish you to maintain resilience in these turbulent times for educational research!
- Continue to successfully unite Europe's educational researchers!

LERA Greetings to EERA

- To continue this meaningful work in bringing together educational research professionals and those who are making their first steps in their scientific career!
- Continue to maintain a high scientific level!
- Have a great year for another 100 years!
- I wish to keep the content topical and to ensure the professionalism of the conference organization!
- Thank you!

LERA Greetings to EERA

- I wish that the network will only grow stronger, and that the research of scientists will help to improve educational practice!
- Greetings to the EERA as a platform for collaboration, sharing, and learning together!
- Lots of success!
- More visibility and influence on European education policy!
- Thanks for the useful and interesting conference!

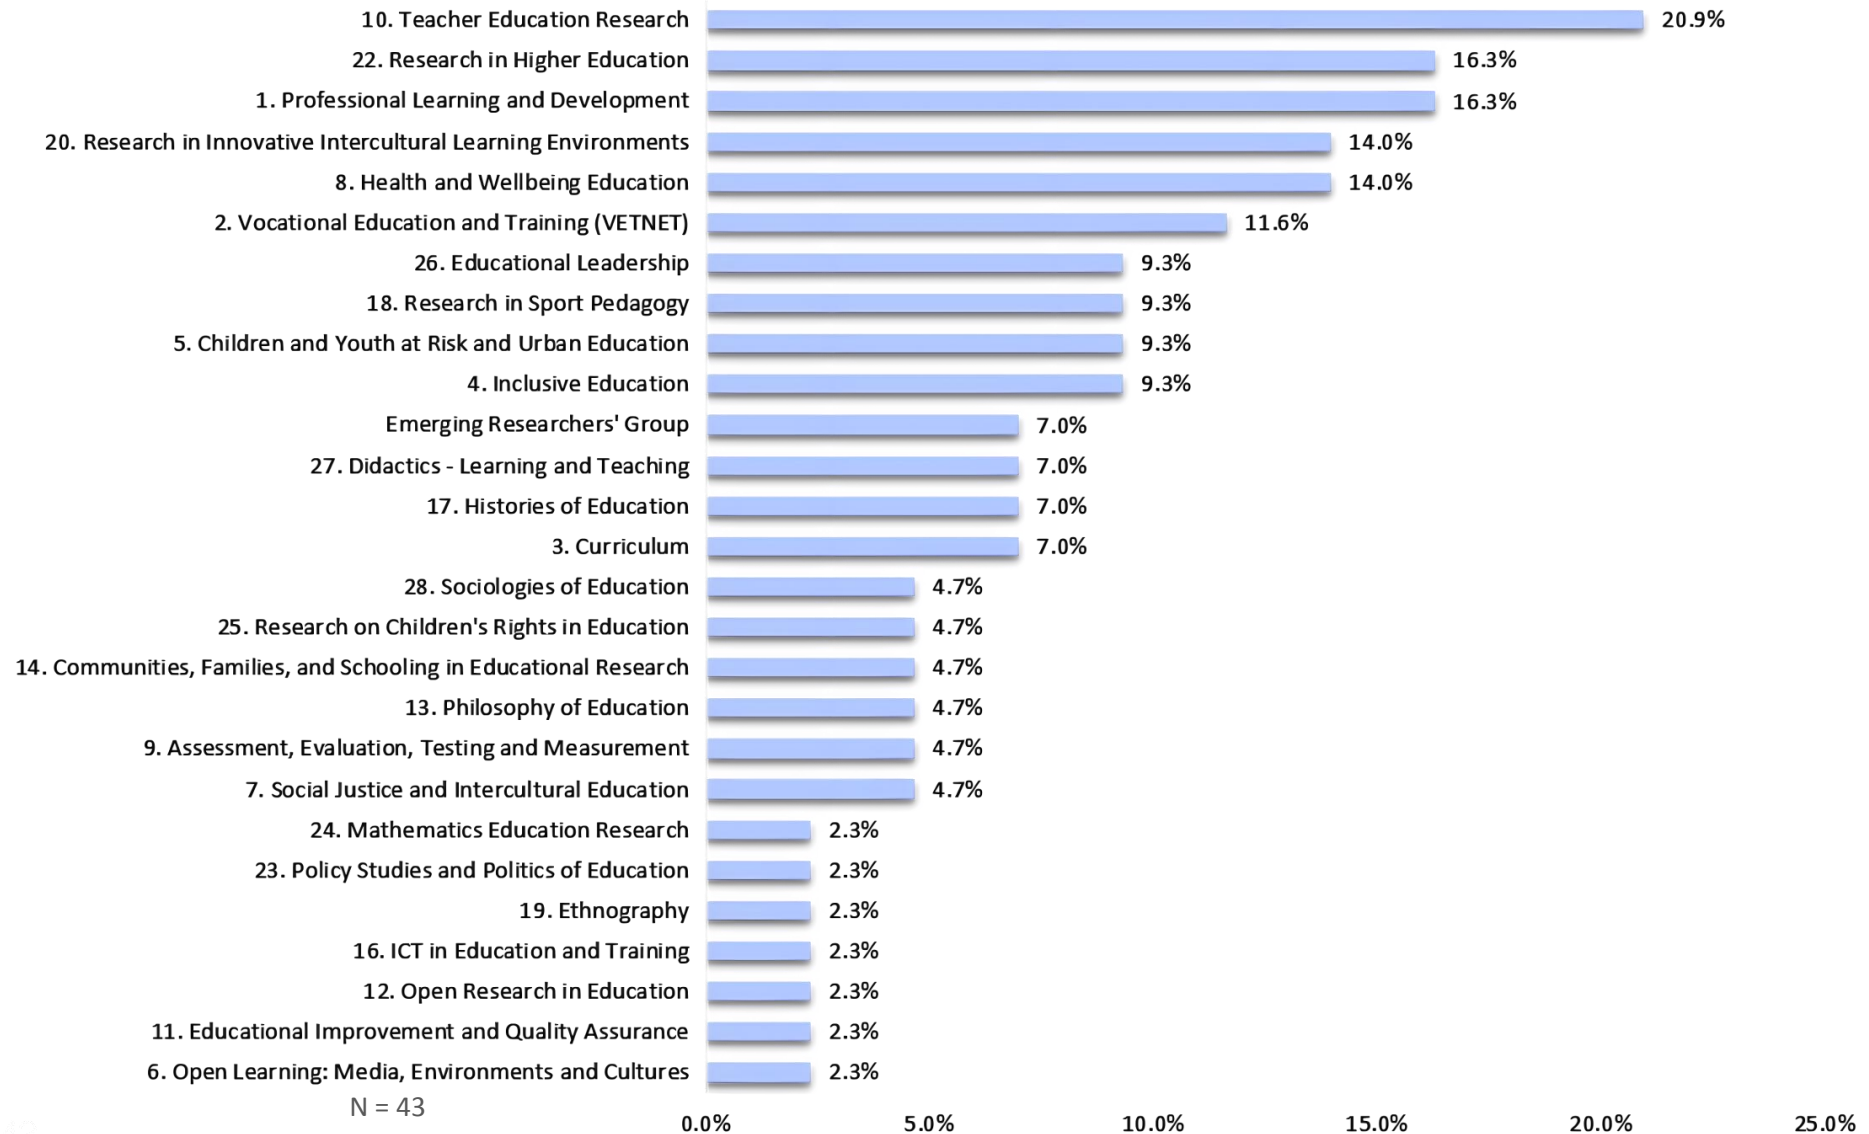

LERA Greetings to EERA

- Your dedication to advancing research and fostering collaboration within the educational community is truly inspiring!
- We wish your organization many years of success!
- I wish for interesting topics and active members. Thanks for your work!
- Good luck in developing your activities!
- To continue to carry out successful educational activities!

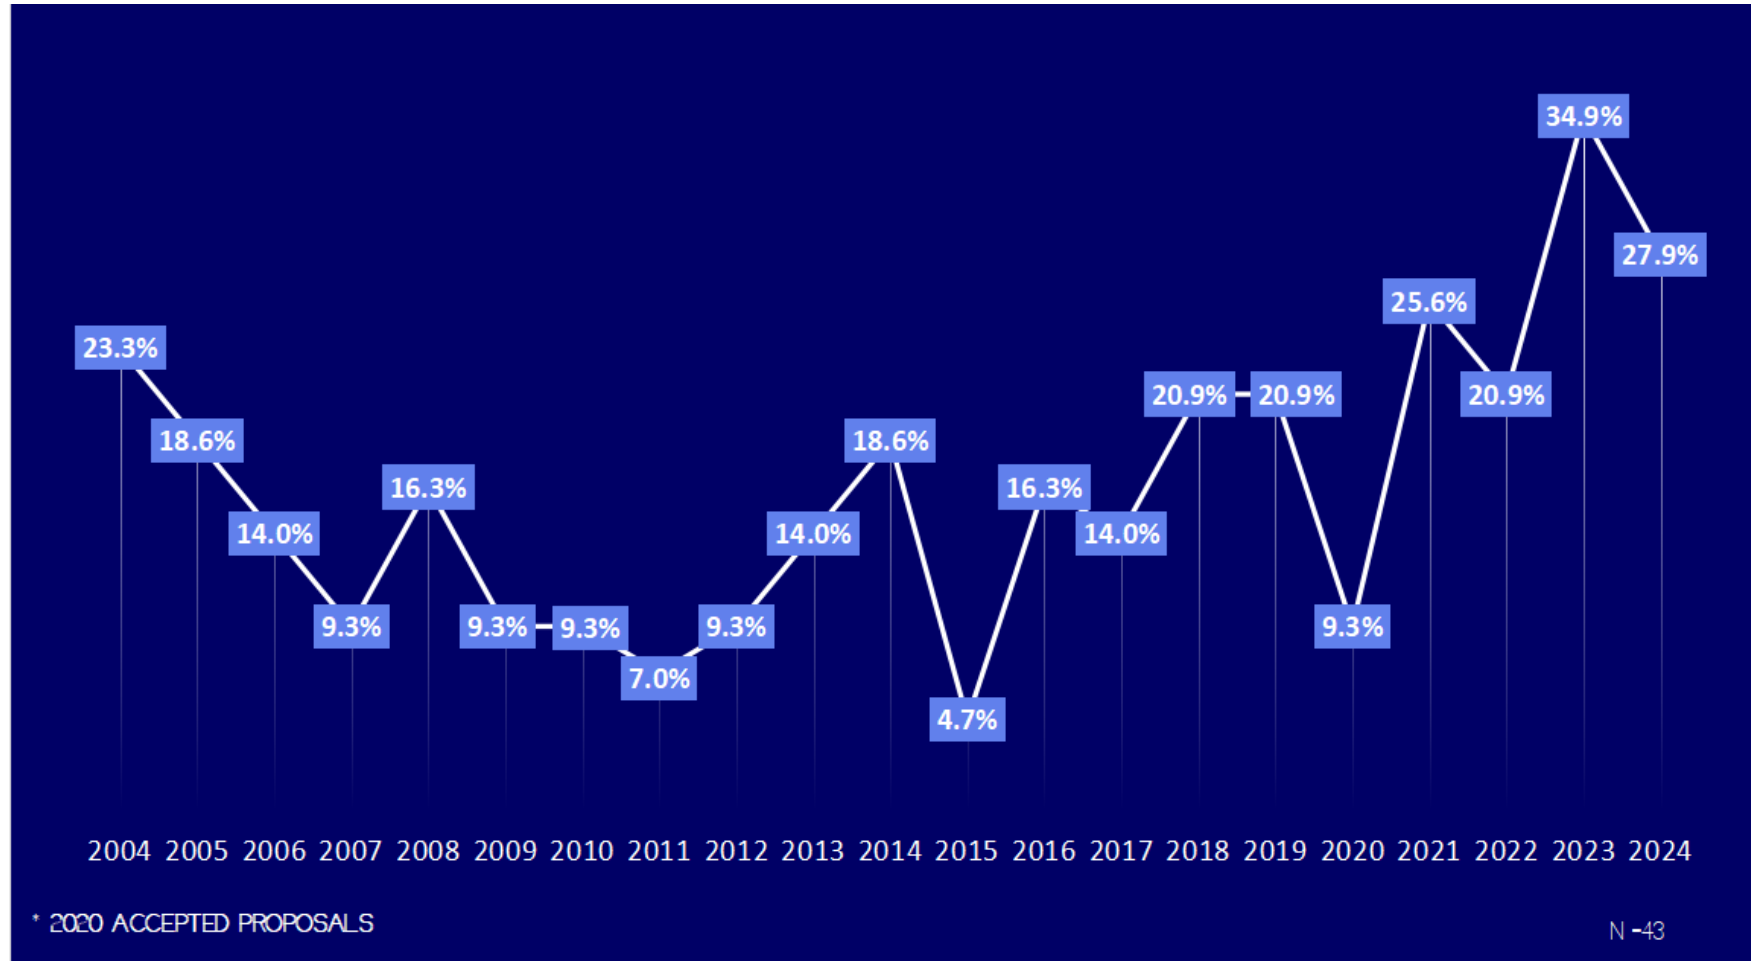

LERA Greetings to EERA

- I would like to express my great love for EERA, the place to communicate and collaborate with scholars from all over the world!
- I wish to bring together the scientific community in the name of a more peaceful world!
- Best wishes and creative new ideas in the fields of science!
- Good luck with your research projects! May your efforts yield valuable insights and breakthroughs!
- Let's DO SCIENCE! :)
